

OUR PROJECTS

SECTOR: OTHER SECTORS

MARKET TOWER & ANNEX

151 Dundas St & 391 Richmond St., London, ON

DESCRIPTION:

Provided a single building condition assessment for two buildings located in downtown London. The one, a six storey structure named Market Tower and the second, a three storey structure called the Annex both having below grade lower levels. The BCA was requested in support of the due diligence for the sale of the property.

CONSULTING SERVICES:

Callidus Engineering provided a detailed condition assessment of the existing mechanical, plumbing, fire alarm and electrical systems currently serving the above noted facilities.
